STEDFAST SENTINEL

CAPABILITY STATEMENT · CYBERSECURITY

CMMC, NIST SP 800-171 and shop-floor OT security, led by a former defense-manufacturing CISO.

Dr. Jacob Stedman
Principal
D.Sc. · CISSP · Secret clearance
U.S. Navy veteran

COMPANY OVERVIEW

Stedfast Sentinel helps defense manufacturers and federal suppliers protect Controlled Unclassified Information, meet DFARS 252.204-7012 and NIST SP 800-171, and become CMMC-ready. Our principal has built these programs from the inside as a CISO, including a six-site CMMC Level 2 program that passed third-party assessment with all 110 requirements met.

CORE COMPETENCIES

- **NIST SP 800-171 / CMMC Level 1–2:** CUI scoping, gap assessment, SPRS scoring, SSP and POA&M, GCC High enclave design, evidence and mock assessment.
- **Fractional / virtual CISO:** program ownership, risk register, executive and board reporting, customer security questionnaires, incident response.
- **OT / ICS and SCADA security:** shop-floor segmentation, legacy controller risk treatment, threat hunting.
- **RMF / ATO and FedRAMP support:** control implementation, evidence, DCSA and assessor preparation.
- **Security modernization:** Microsoft 365 E5 security (Entra ID, Defender XDR, Intune, Purview, Sentinel), MFA, DLP, backup and recovery, MDR/MSSP oversight.
- **AI security governance** for enterprise use of generative AI tools.

PRINCIPAL'S PAST PERFORMANCE

AdvancedPCB · six-site PCB manufacturer · CISO
Wrote and led the NIST 800-171 / CMMC Level 2 program across 6 sites and 5 CAGE codes; passed a mock Level 2 audit during his tenure, and the program later passed third-party assessment with 110 of 110 requirements met. Led merger security due diligence and integration; reported cyber risk to the board quarterly.

Aerospace manufacturer · Sr. Director of Cybersecurity, Acting CISO
Built the low-side security department as its first hire and led a 16-person organization; authored SSP, POA&M and CUI data flows; completed CMMC Level 1 and SPRS for 3 CAGE codes.

Classified defense program · RMF ATO lead
Led the full RMF ATO with DCSA, a defense prime and a DoD customer, enabling a $2.1M classified contract.

U.S. Navy, NAVFAC · Information Systems Security Engineer
Co-conceived the Navy's first SCADA threat hunting kit; worked with Johns Hopkins APL on MOSAICS; kept 5 Navy SCADA sites RMF-compliant.

Past performance earned by the principal as an employee and federal civilian, not contracts performed by Stedfast Sentinel LLC.

COMPANY DATA

LEGAL NAME	Stedfast Sentinel LLC
UEI	YH7WAK7UGLW9
CAGE CODE	10AL0
PRIMARY NAICS	541512 Computer Systems Design Services
OTHER NAICS	541519 · 541513 · 541611 · 541690 · 541330 · 518210 · 561621
PSC	DJ01 · DJ10 · R408 · R425 · R499
BUSINESS TYPE	SBA-certified SDVOSB and VOSB (VetCert, through Nov 2028)
CLEARANCE	Principal holds a current Secret clearance
LOCATION	Maple Grove, Minnesota · serving clients nationwide

DIFFERENTIATORS

- **Built it, not just advised:** ran 800-171/CMMC programs inside two defense manufacturers, covering 8 CAGE codes.
- **Factory-floor credibility:** Navy SCADA and OT segmentation experience.
- **Executive voice:** board and C-suite reporting as a CISO.
- **Fixed, published pricing** for scoped projects.

CREDENTIALS

SBA-certified SDVOSB · D.Sc. Cybersecurity · CISSP · DAWIA IT Level II · Secret clearance · Navy Achievement Medal (2)

TEAMING

Available as a subcontractor or teaming partner to primes needing CMMC, NIST 800-171, RMF and OT security expertise from an SBA-certified SDVOSB.
